

Singer's Sewing Machines.

These celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in every sort of traffic, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work. SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong, durable, complete in contrivance, and workmanship. A perfect Sewing Machine kept employed affords

clear profit of \$1000 a year; but an imperfect one is a cause of constant vexation and loss. The only real reliability of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY, SEWING,
 of all and delicate construction, and recommended by other manufacturers. Such machines

are much to question, but even so, to perform such a task as the sewing of a garment, the machine work. The truth is, finally sewing machines go up to be stronger than any other, because they are so much less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for all other purposes must be best for family use, and they are Singer's. The speed of our machines is

N. H. Allen, president of the American Sewing Machine Co., says that the new machines will be exchanged on liberal terms for old sewing machines, either own make or for operation on which new of other manufacturers. Local agents wanted to see four machines.
